CIRCULAR

Sub : Regarding Empanelling of Inverters and selection of channel partners for SRTPV.

Anent to the above subject, it has come to the notice of Corporate office, HESCOM that the consumers are facing difficulties in the implementation of their SRTPV projects as there are delays from the sub-divisional/divisional officers regarding empanelling of inverters and use of panels. In this regard it is to be noted that empanelling of inverters is not being done in HESCOM. The concerned officers are directed to convey to the consumers that inverters of any type meeting the IEC/IS standard should be used.

Further it is directed not to insist to the consumers to select one of the MNRE channel partners since it is not mandatory to select one of the MNRE channel partners only.
